ACIST CVI

The ACIST CVI device is a fully automated variable rate contrast delivery system designed for cardiovascular angiography procedures. Each ACIST CVI session includes a half hour didactic presentation, and a half hour demonstration on the proper usage techniques of the device, followed by a half hour discussion period with interactive question and answer. Please visit the Bracco Diagnostics Inc. specialty device pavilion to register.

Wednesday, October 25 (ONLY)

Sessions begin at 8:30 am, 10:30 am, 1:00 pm, and 3:00 pm.
