Cordis CTO Technologies

FRONTRUNNER XP CTO Catheter and OUTBACK Re-Entry Catheter

Sessions consist of a half hour overview of the CTO Technology provided by a physician expert, a half hour hands-on demonstration of the OUTBACK Re-Entry Catheter and the FRONTRUNNER CTO Catheter, and a half hour discussion of challenging cases followed by Q&A.

Monday October 23 (ONLY)

Sessions begin at 10:00 am, 12:30 pm, 2:30 pm, and 4:40 pm.

Cordis Carotid Systems:

ANGIOGUARD Emboli Capture Guidewire and PRECISE Nitinol Stent System Training

Tuesday, October 24 (ONLY)

Cordis Carotid Systems training incorporates 3 training modalities:

1. Carotid Didactic Case Discussion With the Experts ð 4 sessions
Sessions begin at 8:30 am, 10:00 am, 2:00 pm, and 4:00 pm and are designed for 20 attendees.
2. Cordis CASES (SM) Simulation Training - hourly sessions
2 simulators are available to demonstrate the Cordis carotid system. Simulation training is conducted in hourly sessions, beginning at 8:30 am.
3. Cordis CASES (SM) Online - available all day
2 Cordis CASES Online stations are available for walk-up use. Registration for this portion of the training is not necessary. Training is offered on a first come/first serve basis. Stations open at 8:30 am.

Information for registration in the Cordis CASES (SM) 3-phase carotid education program including didactic, regional education centers and proctoring is available at the Cordis pavilion.
